Government Saving Stamps in
Higher Denominations
to be Issued.

Instructions to discontinue the sale of the present issue of United States Treasury Savings Certificates of the \$500, \$250, and \$125 denominations at the close of business Sept. 20th and the announcement that a new issue of certificates of these denominations would be offered after that date at increased values was received by Postmaster J. N. Hunter from Washington, D. C., Tuesday.

Certificates of a different numerical sequence will be placed on sale Oct. 2 with the purchase price for the \$500, \$250 and \$125 denominations increased to \$520, \$260, and \$130, respectively. These certificates if kept until their date of maturity, five years from the date of issue, will draw \$1,000, \$500, and \$250 respectively, which amount is equivalent to four per cent compounded semi-annually. Three per cent will be paid on certificates cashed before maturity. Treasury savings stamps of the one dollar variety, are withdrawn from sale after Sept. 30th, in accordance with the Washington instructions.

LARGE BUCKEYE CROP.

WARSAW, Ind., Sept. 19.—The buckeye crop of Kosciusko county is the largest in years and is now being gathered by boys and girls. They are selling them to persons inclined somewhat toward the belief that the carrying of a buckeye in the pocket will prevent or cure rheumatism.

Useful Wedding Gift? Bride Receives Play!

BY MARIAN HALE.

Wedding gifts are always a problem.

There are, of course, silver, linens, lace and china to select from, but when the desire to be original manifests itself trouble begins.

And usually, after a week of frantic searching for something different, one land triumphantly upon the very object, 14 other people decided to give.

A decidedly original wedding gift was received by Katherine Cornell when she married Guthrie McClintic. It came from Winthrop Ames, the theatrical producer. He gave the bride a play, stipulating that her husband should have the sole rights of production. And it was no inconsequential play. It was one by A. A. Milne, one that a number of producers would have been glad to buy at a fat figure—"The Dover Road."

They became so excited over the

gift they decided not to take a wedding trip, but to start production at once.

By summer the play was coming along beautifully and had earned so much money that they could take an extended honeymoon trip in Europe, and then have enough left to buy two new plays to be produced on their return.

And after eight months on Broadway, the original play is about to go on tour and make more money on the road. All of which causes Miss Cornell to say:

"I shall never again give gifts that are not useful. When I think of the fun we've had with this play, and the splendid start it has given us, I am convinced that it is foolish to give gifts people have to keep in a safe or spend a lot of time keeping in order."

"To be sure, there are few people who could give plays for gifts, and possibly few who would want them,

The Old Couch Helps pay for the new Stylish Davenport

Also the old Sideboard helps pay for the new, modernly-designed Buffet.

The old Kitchen Cupboard helps pay for a new, up-to-date Hoosier Kitchen Cabinet.

The old Oak Dining Room Suite will pay for quite a part of a new Walnut or Mahogany Suite—and so on all through the home.

That's why our EXCHANGE DEPARTMENT is so popular. It enables a family to bring the home furnishings up-to-date in style and comfort, at much less cost. Scores of South Bend families will recommend the plan.

All that is necessary to do is to come to the store, see if we have the new pieces that you like and at the price you want to pay—then we will send a man to your home and he will tell you the exact amount we are able to allow you for the furniture you no longer want.

COMMISSION O. K'S PETITION ON ROAD

Harris Township Highway Report Approved by County Commissioners.

The St. Joseph county commissioners at the regular meeting held Monday approved the report of R. S. Hawkins, et al., for a county unit highway in Harris township. The gravel road is to be two miles in length and will run north from Ringlex corner to the Michigan state line.

The county council, called in special session, decided not to declare the unit a public utility at present. The commissioners decided that persons renting rooms for registration purposes should not be allowed more than \$10. Several persons had filed claims demanding \$15. The action taken by the commissioners yesterday will not affect the election day rentals, however.

U. S. WOMAN NOT TO BE GREEK QUEEN

PARIS, Sept. 19.—(By I. N. S.)—The chances of an American woman to ascend the Greek throne are very slender, according to authoritative information obtained here today. Prince Christopher, husband of the former Mrs. William Leeds, widow of the American tin plate magnate, in an interview with the International News Service said: "I do not want to occupy the Greek throne. And anyhow, I do not believe that my brother, King Constantine, will ever abdicate. He did not want war with the Turks. He will stick by his people."

Prince Christopher and his wife, who is known now as the Princess Anastasia, are here for the social season.

MAGNESIA BEST FOR YOUR INDIGESTION

Warns Against Doping Stomach With Artificial Digestants.

Most people who suffer, either occasionally or chronically from indigestion, nervousness, headache, constipation, flatulence, and other ailments, are told to take "doping" stomachs with artificial digestants. These are the various "patent" medicines, and the use of them is a sure way to ruin the stomach. The only safe and effective remedy is Magnesia. It is a natural substance, and it acts on the stomach, preventing food fermentation, and without the slightest pain or discomfort. Try this plan yourself, but be certain to get pure, unadulterated Magnesia, especially prepared for stomach use—Ade.
